**Subject: NOTICE OF DISCONTINUATION OF UNBUNDLED NETWORK ELEMENTS**

This letter provides the additional information that was referenced in Verizon's May 18, 2004 letter (distributed in all Verizon East jurisdictions except Pennsylvania and New York), and Verizon's June 8, 2004 letter (distributed in Pennsylvania), which provided formal notice that, after August 22, 2004 and September 9, 2004, respectively, Verizon will no longer provide, under Section 251(c)(3) of the Communications Act, either of the following non-mass market unbundled network elements: (i) unbundled local circuit switching subject to the FCC's Four Lines Carve-Out Rule, whether alone or in combination with any other network element (e.g., combinations of unbundled local circuit switching and loops in a configuration that would be subject to the Four Lines Carve-Out Rule {"Four Lines or More UNE-P"}), or (ii) unbundled shared transport for use with unbundled local circuit switching subject to the Four Lines Carve-Out Rule. Neither this letter nor the May 18 and June 8 letters addresses unbundled local circuit switching, unbundled network element platform, or associated shared transport provided to mass market customers.

This letter also provides the additional information that was referenced in Verizon's June 15, 2004 letter, which provided formal notice that after September 20, 2004, pursuant to Section 5.12.3(B)(4) of Verizon New York's PSC Tariff No. 10, Verizon New York will no longer provide UNE-Platform service (or associated shared transport services) in the New York City central offices subject to the NYC Four Lines Carve-Out.

The first item of additional information is the identification of the areas included in the Four Lines Carve-Out Rule. A list of the Verizon East central offices included in the Four Lines Carve-Out is available by accessing the web link titled "Four or More Lines Carve Out Central Office List for Verizon East," found in the "Ordering Local Service Guide" for UNE-P. This page of the Guide can be found on the Verizon Wholesale web site at:

<http://www22.verizon.com/wholesale/local/order/services/?subID=platform-platform#before>

**NOTICE OF DISCONTINUATION OF UNBUNDLED NETWORK ELEMENTS**

July 2, 2004

Page 2

The Four Lines Carve-Out Rule has been in effect in the Verizon West states for several years, and the affected offices are not changing. A link for the list of Verizon West offices is available on the same page of the Guide.

The second item of additional information is a listing of the surcharges (Attachment 1) referenced in the May 18, 2004 letter.

"Verizon is prepared to work with your company to migrate its existing Four Lines or More UNE-P arrangements to suitable alternative services (such as resale or an alternative commercial arrangement) prior to August 22, 2004. Should your company fail to migrate its Four Lines or More UNE-P service arrangements to an alternative service on or before that date, Verizon will begin billing any Four Lines or More UNE-P arrangements that remain in place after August 22, 2004 at a rate equivalent to the Section 251(c)(4) resale rate for business service applicable in that jurisdiction in order to avoid service disruption. The new rate will be effected by means of a surcharge that will be added to the applicable UNE-P rates for the four or more lines. Additional information about this surcharge and the areas included in the carve-out will be provided in the near future. If your company prefers not to pay the resale equivalent rates, your company may of course terminate any Four Lines or More UNE-P service arrangements through existing disconnect processes."

Attachment 1 contains the list of surcharges referenced in the June 8, 2004 and June 15, 2004 letters. The surcharges will be effected by raising the UNE Port monthly recurring rate by the amounts specified in Attachment 1.

Also as a reminder, Verizon is prepared to enter into commercial negotiations for alternative service arrangements that may offer certain advantages over Section 251(c)(4) resale. If your company has not already commenced commercial negotiations with Verizon and wishes to do so, please contact the following Verizon representative to obtain a nondisclosure agreement under which such negotiations may be conducted:

Mr. Michael D. Tinyk  
Verizon Services Corp.  
Suite 500  
1515 North Courthouse Road  
Arlington, VA 22201  
Phone: 703-351-3159  
Fax: 703-351-3664  
Email: [michael.d.tinyk@Verizon.com](mailto:michael.d.tinyk@Verizon.com)

As a final reminder, you were previously requested to notify Verizon in writing by July 1, 2004 (July 22, 2004 for Pennsylvania and July 23, 2004 for New York) if you believe that your company's interconnection agreement requires Verizon to continue providing unbundled local circuit switching subject to the Four Lines Carve-Out Rule and related shared transport after the effective dates in the notification letters. If you have not already done so, please provide any such written support you wish to offer to Mr. Michael Tinyk at the address shown above. Unless valid written support is received by Verizon, Verizon will give effect to the notice set out in the notification letters after the effective dates stated in the notification letters.

Vice President Interconnection Services
